

North American
Partners in Anesthesia

CAREERS

CRNAS

North American Partners in Anesthesia (NAPA) truly values the essential role of the nurse anesthetist, which is why we invest in retaining the most talented CRNAs in the industry.

At NAPA, we believe the nurse anesthetist job is to care for patients. We provide our CRNAs with direct, state-of-the-art support from NAPA's back office systems and processes so they can devote their skills and time to delivering the clinical care their patients deserve.

Our CRNAs have job opportunities across the entire NAPA geographic network, giving them the freedom to relocate without losing their seniority and benefits. With clinical sites across the Northeast, Mid-Atlantic and Midwestern regions of the United States, we are able to accommodate your clinical and professional goals as well as your lifestyle and geographic preferences. Whether you are full- or part-time, or per diem, NAPA provides you with the flexibility to meet your professional and personal needs.

Benefits of taking a CRNA job with NAPA include:

- Competitive compensation
- Flexible schedule with optional overtime
- Retirement and 401K plan participation
- Flexible spending program
- Educational reimbursement incentives
- CME credits for department-sponsored training
- Insurance protection, including malpractice, health, life and disability (some fully paid)
- Generous vacation and sick time allotments
- Portable benefits and seniority

NAPA offers challenging and rewarding CRNA jobs with excellent earning potential and attractive benefits for every career stage.
